COLLEGE COUNSELING POLICIES

The Stamford American Academic & College Counseling department stipulates a limit of 10 application submissions for colleges/universities worldwide. The plan is to ensure that students practice "quality of choice" in researching and ultimately choosing the universities in which they apply for. Academic and College Counselors support each student individually to ensure that they do full, in-depth research to consider which institutions have the potential to be the right "fit" for them. Whether it is a preference for a specific program, location or educational experience, Stamford encourages students and parents to focus on "quality over quantity" when developing their college lists.
